Scouting The Shops

with Sally

Say what you will, nothing is more fun than opening packages after you return from a shopping expedition.

With Towser barking around our feet (we didn't give him away after all) and Sue Ann and Sammy both tearing off paper and string, it's a wonder we could concentrate at all this week. But as near as we can remember, the scene went something like this:

Sue Ann (ripping open box): Oh, mama, look at these things all covered with nuts. What are they? Can I have one?

Us: No, Sue Ann, put them down instantly. They're Danish pastry strips from Waxman's Bakery, filled with glazed fruit and they're for dinner. Sammy don't take a hammer to that box.

Sammy: Gee, mama, that's a swell box. Can I have it? What's inside of it?

Towser: Bow, wow, wow.

Us: Go away, Towser. That's a special 2-pound box of cheese from Robertson's Egg Store that—

Sue Ann: Mama, I get half the box. Sammy just ate a peach out of that basket you bought from Westlake Market.

Towser: Bow, wow, wow.

Us: Good heavens, Sue Ann, you can have a peach too. They're nice and ripe and not expensive. What's Towser got in his mouth?

Everyone bends over and examines suspicious crumbs around Towser's mouth.)

Us: (with sudden dire intuition): Oh, good heavens, what happened to that lovely Italian cream cake from Geneva bakery?

Sammy (wailing): Now mama, don't you hurt Towser. If you'd brought him some dog food from the Daly City Cut Rate Market, like I asked you to—

Towser: Bow, wow, wow.

Sue Ann: That smelly old dog is always doing something he shouldn't. Mama, make Sammy tell you what happened to the best bedspread while you were gone. Towser's feet were muddy and—

Sammy (heatedly): You shut up, Sue Ann! Beeson Cleaners (Continued on Page 4)

Were You Missed In Daly City Count? Read This

Did Uncle Sam's census takers get YOU? If not, you owe it to your Daly City to be listed in the final count.

In cooperation with city officials, who point out that for every person missed, Daly City will lose approximately \$21.50 a year in state and federal revenues, The Daly City Record prints below a convenient coupon for the use of "missing persons."

Daly City Police Department
Wellington Avenue
Daly City, California

I was living in Daly City prior to and on March 1, 1940.
My address on that date was.....
I was not included in the 1940 population census.

Officials Ask-- Are You Counted?

In an urgent appeal to all persons missed by the census, Daly City police department today issued a final plea to everyone not yet counted either to mail the blank reprinted on this page or else to telephone RAndolph 4212, immediately.

A number of persons have already reported that they were not contacted by census enumerators. An entire block on Oliver street was reported missed, according to the police.

Police also pointed out that many residents living in the Colma area, who are legal residents of Daly City, may have given their address as "Colma" through error. All such persons are urged to contact the police department.

Serious doubt as to the accuracy of the census count here was expressed by many city officials. Daly City's population, estimated at 12,000, was reported only 9,612 by the census bureau. This shows an increase of only 2,000 persons in the last ten years.

A miscount of 3,000 persons will mean an annual loss to the city of nearly \$65,000 in state and federal revenues, officials stated.

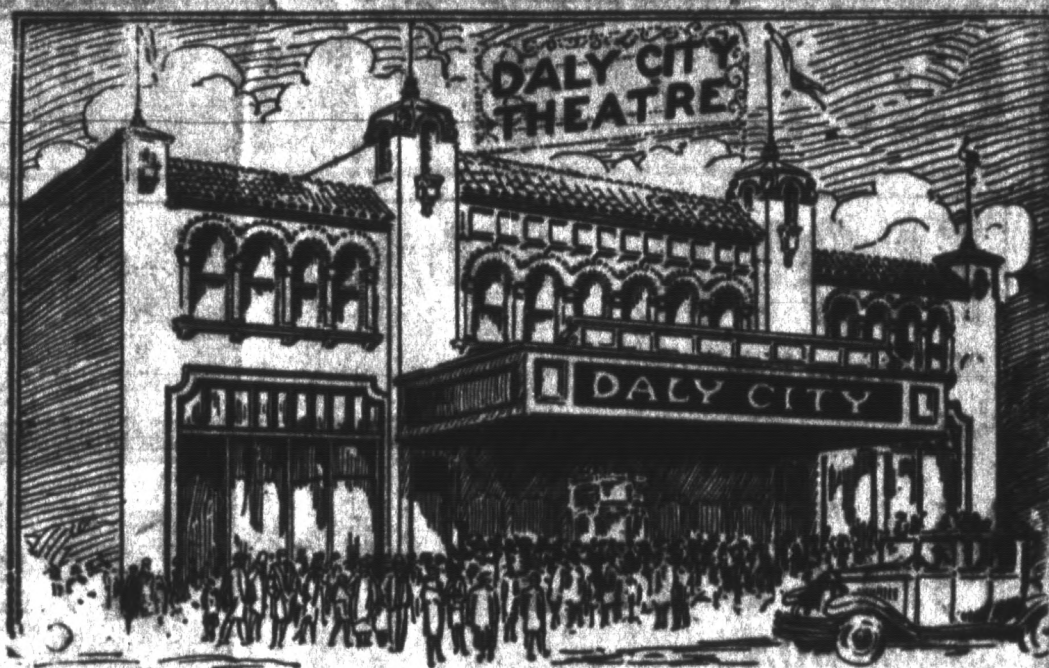

Braille Invention
When he was three years old, Louis Braille inventor of the Braille system, became blind. At 10 he went to a Paris institution for blind foundlings. At 19 he began teaching the blind.

Census questions are easily answered, and for the average person require only a few moments to complete, the city officials pointed out.

"For the sake of this community and its future growth," said Mayor J. J. Fahey today, "you owe it to yourself and others to report your name if you were missed. I am sure the police department will do everything in its power to cooperate with the public in this matter."

Native Daughters Plan Large Sale

Final plans for the summer's largest rummage and food sale, August 8 and 9, were announced today by Mrs. Dorothy Donofrio, committee chairman of the two-day event.

Sponsored by El Carmelo Parlor No. 181, Native Daughters of the Golden West, the sale will be held at 6274 Mission street.

Members of the committee include Florence Hopman, Helen Meyer, Louise Eliason, Helen Lynch and Christine Hulme.

Among the articles offered for sale will be wearing apparel for men, women and children; dishes, cups, bowls, chairs, lamps, pictures, novelties and many other items.

The food section will feature home-made cakes, pies, cookies, preserves, relishes, tamale pies, candy and other specialties.

"There will be something of value there for everyone," the committee said. "Prices will be low and there will be bargains for every sized purse. We cordially invite the public to visit this sale."

New It's a Malady

School children who play "hooky" are prompted to do so by an uncontrollable malady, in the opinion of C. T. Stewart, assistant director of census and attendance, Atlanta, Ga. So, instead of inflicting punishment, efforts will be made to discover the cause and take suitable curative steps.

Reversed Bill of Fare

At formal Japanese dinners sweets are served first, and sou pickles last.

Vacation Quiz

GARY BRECKNER looks like this when he gathers a crowd of laughing vacationers at Santa Catalina Island for his "Catalina Fun Quiz" program over KNX at 11:15 a.m., Mondays through Fridays.

Miniature Tennessee Mules
Lex Watson of Columbia, Tenn., raises miniature mules by crossing Shetland ponies and donkeys, says the American Magazine.

Alumni To Gather At Dinner-Dance

"That old Jefferson spirit" is expected to reign supreme, tomorrow night, when a large crowd of alumni will gather at the Richelleu hotel in San Francisco for a gala dinner-dance.

The reunion will be staged at 8 p. m. and will be open only to alumni and their partners. A committee of twenty-four persons are in charge of arrangements. Full details about the event may be secured from Roy Wilson at the Daly City Creamery, 6288 Mission street.

All alumni of the high school are cordially invited to attend. The committee pointed out that graduates not yet contacted should make their reservations immediately. Tickets are nominal in price.

'Youthful' House Paint

Home owners faced with the problem of making old houses look younger may try coloring them with "youthful" paints. This can be done with almost any type of construction. Side walls of wood, brick, or stucco may be painted with paints specially prepared for each surface. Roofs may be covered with one of several different types of factory-colored shingles, and color accents may be provided in window blinds and front doors. A popular new exterior color combination consists of light salmon-colored walls, emerald-green roof, and a flame-colored front door.

Nickel in Television

Television promises a new outlet for nickel. Vital as the device that translates the electrical impulses into visual patterns, the cathode-ray tube may require up to eight times as much nickel in its construction as does the conventional wireless tube. Associated with it in the receiving set are 18 to 36 radio tubes, as compared with 4 to 16 employed in the metal and its alloys are also used in the transmitting equipment.

British White Paper
The official reports or communiques issued by the British government periodically are known as Blue Books. Occasional reports, which usually are not so extensive, are called White Papers.

Sight Men, Lady
Bewildered by American fashions Miss Ruth Wong, a graduate student at Brown university, has decided to wear the clothes of her native China.

Brazil First 'America'
The name America was first applied to central Brazil, in honor of Amerigo Vespucci, who claimed its discovery. It was first applied to the whole known Western world by Mercator, the geographer, in 1538.

Paint Helps Sales
Seeking to improve distribution of its open bed springs a firm did them in silver aluminum paint. Sales jumped 25 per cent.

Catholic Ladies Aid To Hold August Whist

Catholic Ladies Aid Society, Branch 59, will hold their August benefit whist next Wednesday afternoon, it was announced today.

A cash first prize and other valuable awards have been selected for the occasion, Mrs. Blume, chairman of the event, said today.

Playing will begin at 2 p. m. at St. Michael's hall, 32 Broad street. All whist players are cordially invited to join the game.

Agricultural Note

Vetches producing from two to three tons of dry plants per acre would add from 150 to 200 pounds of nitrogen to the soil if turned under.

Scouting The Shops

(Continued from Page 1)

already picked it up. I'll pay for it out of my bank. And what about you and that little kid down the street? Why don't you tell Mom what you and she done to that watermelon from Westlake Market? It was a good watermelon, too. And now there ain't anything left but the rind.

Us (in stern parental horror): Sue Ann!

Towser: Bow, wow, wow.

Sue Ann (with heartbroken howls): She was company, mama. And all I gave her was half the watermelon and some of that cold tongue from Farmers Market. I knew you wouldn't want it—except for those old bridge players. And anyway, do you know what Sammy did? Sammy—

Towser: Bow, wow, wow.

Us: (shouting above the din) How would my little boy and girl like to go to the Daly City theatre? Right now. There's a wonderful show—"Irene"—all full of music and dancing.

(Excited whoops and "bow-wows" fill the air; there is a flurry of paper and string; the noise gradually recedes into the distance.)

Peace and quiet once more descend upon the kitchen, while Sally sadly picks up the remnants of the shopping expedition, turns on the new radio from Byrne's, and sinks into a chair. Written on her face is the unalterable decision to open her packages in a dark closet alone next week.

P. S. Our Sister Molly writes us from Ocean View that Paul Pesce is giving away free balloons with Morton's salt; that Ocean View Bakery uses pure whipping cream in all their pastries; that the Sure Save market has Spam for 22½¢ this week.

Then she goes on to tell us that the New Home Beauty shop there is very helpful about making evening appointments; that it's fun to visit the 10¢ tables of the Ocean View Toggery; and that George Windhurst does a grand job of lubricating and conditioning cars.

The Ocean View shoe shop is specializing in repairs on children's shoes before school opens; the Alemany market has some wonderful meat bargains, and the Alemany Cleaners make minor repairs free, she says.

Nursery-Room Hint

Pictures for children's rooms can be made washable by covering them with white shellac.

Can While You Can

By Frances Lee Barton

MANY years ago a tourist asked a farmer's wife what she did with all her cherries. "We eat what we can and what we can't eat, we can," she replied.

She spoke the truth, for in those days women canned fruits and berries all summer and autumn, until their emergency shelves for winter looked like a supply house for the local merchant. Those of us who follow in their footsteps today are wise, and as modern canning and preserving is very simple, there is little excuse for running out of jams and jellies during the cold weather. Start today with:

Blackberry and Sour Cherry Jam
4 cups (2 lbs.) prepared fruit
7½ cups (3½ lbs.) sugar
¾ bottle fruit pectin

To prepare fruit, stem and pit about 1½ pounds fully ripe cherries; crush thoroughly or grind. Grind about 1 quart fully ripe blackberries or crush completely one layer at a time so that each berry is reduced to a pulp. Combine fruits.

Measure sugar and prepared fruit into large kettle, mix well, and bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Roll hard 1 minute. Remove from fire and stir in bottled fruit pectin. Then stir and skim by turns for just 5 minutes to cool slightly; to prevent setting fruit. Pour quickly. Pack into hot jars at once. Makes about 11 glasses (8 fluid ounces each).

Freak Hunting Death
Harold Strain, Gold Beach, Ore., 16-year-old hunter, was killed by a bullet that had passed through and killed a deer. Strain was standing in the line of fire when his hunting partner, not knowing he was there, fired the fatal shot.

Canadian Sport Fishing
Remarkable progress in the development and extension of sport fishing areas in the national parks of Canada is reported by the department of mines and resources, Ottawa, which administers Canada's system of national parks. As a result of biological surveys and subsequent stocking operations in the various lakes and streams, particularly waters once barren of fish, visiting anglers may now enjoy good fishing in many waters where previously there was little or no fishing available. One of the outstanding achievements has been the successful introduction of the speckled trout from its native haunts in eastern Canada into many of the clear, cold waters of the national parks in the Rockies.

Ivy's Symbol

The ivy has always been a symbol of the clinging love of woman. The altar of Hymen, the Greek god of marriage, whose blessing was invoked at every wedding, was kept green with ivy. In the legend of Tristan and Isolde, two ivy vines, entwining, are a symbol of the undying union of the lovers.

First Hospital Chair

According to the minutes of the Pennsylvania hospital for September 23, 1783, Thomas Affick, by many considered the superior of Philadelphia's famous cabinetmaker William Savery, presented the hospital with a curious mahogany chair for the easy removal of sick patients. The chair was valued at 13 pounds.

WELCOME!

Daly City Shopping News takes great pleasure this week in inaugurating an Ocean View Section in this newspaper. The Shopping News staff cordially welcomes each and every advertiser from the Ocean View district. We pledge our sincere cooperation in giving you excellent community shopping newspaper service.

Daly City Record started publishing the Shopping News 15 months ago. Our paper has grown in prestige, reader interest, and advertising volume until it has become an established institution of this community. The Shopper lends its support exclusively to the area which it represents. We will not accept foreign advertising. We invite local residents to buy at home.

We are persistently working with our advertisers toward the goal of increased sales volume.

Again, we say, welcome Ocean View merchants, we'll make your interests our interests.

Underground Hospital

An underground hospital, at Ramsgate, England, the first in that country, is being dug out of rock chalk 90 feet below ground, immediately below the present Ramsgate general hospital. It will include a general ward 550 feet long, containing 200 beds.

New Age 'Calculator'

According to Collier's, anyone whose calendar age is between 10 and 45 years may now have his physiological age determined quite accurately through a mathematical formula based on the rate of the healing of a superficial wound.

Broad Poultry Market

The American poultry farmer's best customer is the Great Atlantic & Pacific Tea company, which last year reported purchases of 40,000,000 pounds of chicken and 30,000,000 dozen eggs, equal to two-thirds of a dozen for each man, woman and child in the country.

Towers of Silence

The tower of silence is the name applied to structures built by the Parsees for the disposal of their dead. They are towers about 40 feet high called dakhmas. Below the top of the wall is built a floor of iron grating and upon this the bodies are placed until by exposure to the elements and birds of prey the flesh is entirely removed from the bones and they fall into a pit below.

Australian Canned Flowers

Dr. J. S. Turner, a professor at the University of Melbourne in Australia, according to the American Magazine, has devised a method of canning flowers.

New Copper Discoveries

New discoveries of copper ore 150 miles southeast of Yellowknife, Alberta, flourishing subarctic mining camp, have been reported. They are expected to give added importance to the northern mineral fields, particularly in view of the war demand for basic minerals.

Elephant on Diet

Waddy, 76-year-old elephant at Franklin park zoo, Boston, is on a diet. Her present limited menu of beets and carrots was selected because Waddy has only two teeth left.

WPA Constructs Airports

WPA workers have constructed 150 new airports and made extensions and improvements to some 500 others.

SUNDAY DINNER Suggestions

With broiling and frying chicken at exceptionally low prices there is no reason why this should not be a Sunday or some other day in the week. Certainly there is no more versatile meat than chicken or one that lends itself any more appetizingly to varied meal use. Therefore, the wise housewife this week will give broiling, frying and stewing chickens first consideration in planning her menu.

Again this week the supply of fresh fruits and vegetables seems to be almost unlimited. Blackberries, raspberries and huckleberries are abundant and very low priced, so pies, tarts, dumplings and shortcakes of these berries are all timely dessert suggestions. Watermelon is low in price and full-flavored and nothing makes a more tempting summer dessert than slices of ice-cold watermelon. Plums are plentiful this week and make delicious desserts.

Vegetable salads with cold meat or eggs will form an excellent summer meal and with vegetables so abundant and attractively priced a salad can include four or five different varieties without extravagance. The supply of corn is much larger this week than last, green, wax, lima and fava beans are all plentiful and in their low priced brackets and tomatoes are low and have the fine flavor characteristic of midsummer. Carrots and squash are also plentiful.

Beef, mutton and pork are even lower in price this week than last and pork remains a particularly good buy.

This is the reason for clamakes so if there is to be a picnic in the woods or by the seashore over the weekend do not overlook the fact that clams are plentiful and low in price.

Miss Cora Anthony of the A&P kitchen suggests the following menus for three Sunday dinners based on the week's market reports:

Low Cost Dinner

Green Peppers Stuffed With Chopped Steak
Creamed Carrots
Baked Potatoes
Bread and Butter
Plum Pie

Iced Tea or Iced Coffee

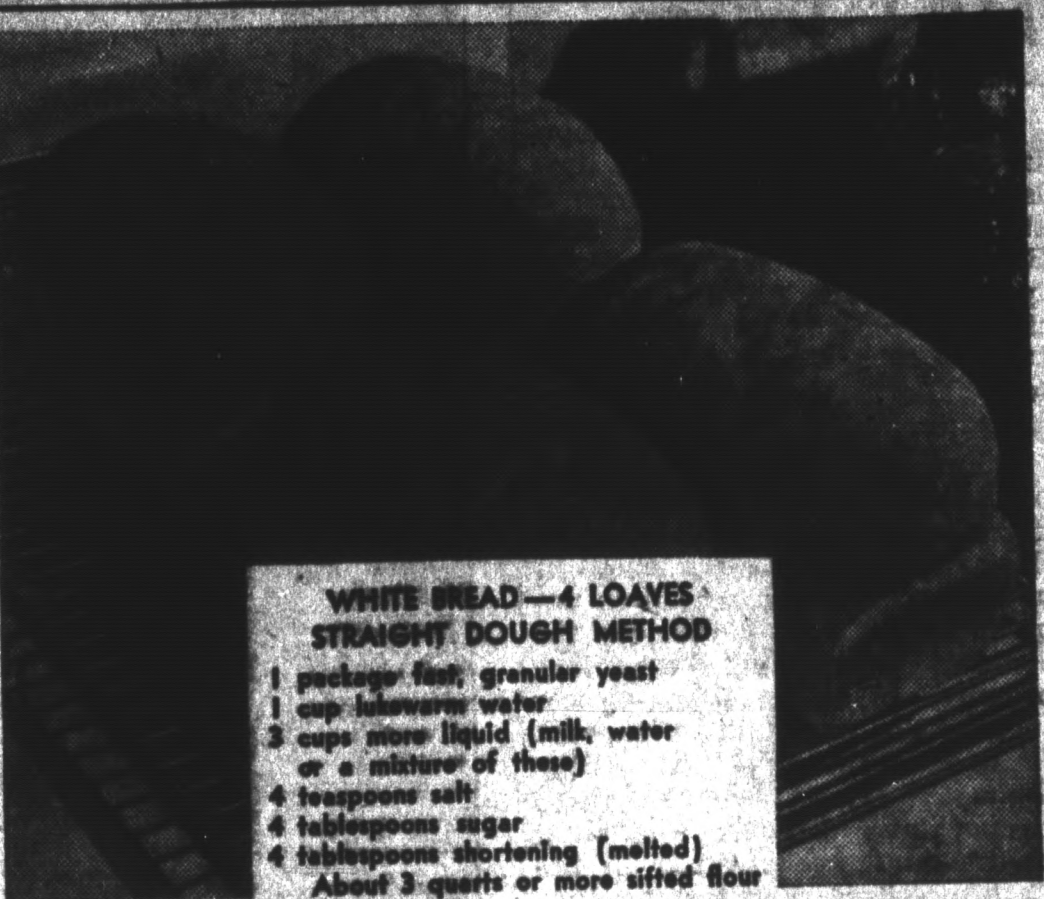

Moderate Cost Dinner

Iced Grapefruit Juice
Loin Lamb Chops
Potato Souffle
Spring Beans with Cheese Sauce
Fresh Huckleberry Dumplings
Bread and Butter
Iced Tea or Iced Coffee

Very Special Dinner

Tomatoes Stuffed with Cottage Cheese
Broiled Chicken
Cauliflower with Drawn Butter
Blackberry Muffins
Peach Shortcake with Whipped Cream
Iced Tea or Iced Coffee

Granular Yeast Latest Aid For Streamlined Home Baking

WHITE BREAD—4 LOAVES STRAIGHT DOUGH METHOD

- 1 package fast granular yeast
- 1 cup lukewarm water
- 3 cups more liquid (milk, water or a mixture of these)
- 4 teaspoons salt
- 4 tablespoons sugar
- 4 tablespoons shortening (melted)

About 3 quarts or more sifted flour

Four yeast into cup of lukewarm water, add 1 teaspoon sugar, stir and let stand to soften. Scald 3 cups more liquid, dissolve in it salt and remaining sugar, and cool until lukewarm. Measure 3 scant quarts sifted flour into mixing bowl. Make a "well" in center of flour, pour in softened yeast and remaining liquid, and mix lightly with flour. Add melted (not hot) shortening, mix and knead into a smooth dough, adding a little more flour or liquid if necessary, until medium firm and elastic.

Put dough into greased vessel, cover with lid and place in a cool, warm spot about 85° F. Let rise until about doubled or until light pressure of finger leaves a dent and dough does not spring back. Fold dough down and let rise again about ¾ as much as first time. Then turn dough onto board, divide into portions for loaves and round them into balls. Cover well, let rest 20 minutes, then shape into loaves. Let rise in greased pans until doubled. Bake about 45 minutes in a medium hot oven. (If more speed is desired, double amount of yeast.)

Breadmaking and baking are easier today because food scientists have "streamlined" many ingredients. Flour is "balanced," shortenings are "pre-creamed," yeasts are "quick." The yeast used in this recipe not only acts fast, but keeps without refrigeration on the pantry shelf, with the other staples that require only a moderately cool, dry storage place.

Japanese Claim Invention

Japanese claim to have invented virtually all the new machines of the last 50 years, including the airplane, the glider, the submarine, and the gyroscope.

Discovery of Tanager

In June, 1006, during his exploration of the Chesapeake bay and the Eastern shore, Capt. John Smith discovered Tanager island and named it after the seaport in Morocco.

Aviation Employment Up

As the result of sharp increases in both foreign and domestic airplane orders, California's aviation industry is employing 60 per cent more men than a year ago.

Mexican Fireproof Homes

The typical Mexican home is virtually fireproof, for practically no wood or other inflammable material goes into its construction.

Paper From Caster Plant
At the Sam Houston State Teachers' college, Huntsville, Texas, newspaper from caster plant pulp has been made in sufficient quantity to be used in printing the school newspaper. The paper is made from the stalk of the caster bean plant and is said to be ideal as a filler for book paper.

Cleveland Relief Measure
Cleveland relief authorities have ordered the impounding of license plates of relief clients and members of their families who own automobiles. "If these people want to own and operate cars," City Relief Commissioner Frank G. Jones said, "they will get themselves cut off relief rolls."

Ancient Reptile Skeleton
The skeleton of a reptile that lived in the middle Permian period, 200,000,000 years ago, has been mounted in the Transvaal museum at Pretoria, South Africa. The work of mounting the skull, 26 vertebrae, shoulder girdle and the right hind leg required 20 years.

Osone Thwarted
The destructive action of invisible ozone discharges which consume ordinary electrical transmission wires in three seconds has been resisted for three years by wires insulated with kerosene, new synthetic elastic. In tests conducted by E. F. Goodrich company scientists at Akron, Ohio, laboratories.

VEGETABLE SALAD BOWL

(See Recipes Below)

V Stands for Vegetables

Vegetables are not apt to be prime favorites with men; practically every man has a little black list of his own—vegetables he just will not accept graciously. Father is apt to be as chary of spinach and other vegetables as his own eight-year-old, and to look upon salads as mere woman's nonsense! It isn't strange, if Junior, who adores his Dad, begins to proclaim his likes and dislikes in no uncertain terms. Like father, like son! So coax father to keep his "I-don't-likes" to himself—at meal time.

But there are salads and vegetables that father really enjoys. You'll find suggestions in my booklet, "Feeding Father," for preparing them, and recipes, too, for his favorite meat dishes and desserts.

But to get back to vegetables, have you ever wondered why the very people who love to nibble on a raw carrot, fresh from the garden, are the ones who need to be coaxed to eat them once they're cooked? You'll find one solution to the problem of getting Dad and Junior to eat their carrots, right there. Why not serve them crisp, raw carrot sticks for a vegetable? Or make a crisp, colorful salad by combining shredded raw carrots and shredded raw beets with the tender young leaves of raw spinach? Mix lightly with sour cream salad dressing or french dressing, and serve from a salad bowl so that the boys may help themselves.

Perhaps just changing the methods of preparing and serving them is all you need to do to arouse family interest in vegetables. Here are some recipes that are just a bit out-of-the-ordinary—recipes I think your family will enjoy.

Onions Baked in Tomatoes.

(Serves 4 or 5)

- 2½ cups canned tomatoes
- ½ bay leaf
- ¼ teaspoon salt
- 2 cloves
- ¼ teaspoon pepper
- 1 tablespoon butter
- 1 tablespoon flour
- 6 onions (small)

Combine tomatoes and seasonings and cook for 10 minutes. Then remove bay leaf and cloves. Melt butter, blend in the flour, and add to tomato mixture. Cook, stirring constantly, until mixture thickens. Peel onions, place in a casserole and add tomato mixture. Cover and bake in a moderately hot oven (375 degrees) for 1 hour.

Golden Potatoes.

Pare potatoes and cut into cubes.

Add sliced raw carrots, using about equal amounts of potatoes and carrots. Cook in boiling, salted water. Drain and set over a low flame for a few minutes to dry out. Force through a potato ricer or mash thoroughly. Add hot milk and beat until the potatoes are light and fluffy. Add a tablespoon or two of butter and season to taste.

Pennsylvania Dutch Spinach.

(Serves 4-5)

- 4 slices bacon (diced)
- 3 tablespoons flour
- 1½ cups water
- 2 tablespoons sugar
- 2 tablespoons vinegar
- 1 egg yolk (beaten)
- ¼ teaspoon dry mustard
- ¼ teaspoon salt
- Few grains pepper
- 4 cups raw spinach (chopped)
- 2 hard cooked eggs

Cook bacon until crisp. Remove from the pan. Add flour to bacon fat and stir until smooth. Mix water, sugar and vinegar and add to the flour mixture; cook until thick. Combine beaten egg yolk and seasoning and stir into the first mixture. Cook for about 2 minutes over a very low flame, stirring constantly. Combine hot sauce, cooked bacon and chopped raw spinach. Serve warm, garnished with slices of hard cooked egg.

Lima Beans on Casserole.

- 1 pound lima beans, dry
- ½ cup brown sugar
- ¼ teaspoon salt
- 2 tablespoons onion (minced)
- 1 tablespoon prepared mustard
- 1 tablespoon vinegar
- 2 cups water
- 1 pound pork sausage

Cook beans in boiling water approximately 1 hour—or until nearly tender. Pour in baking casserole. Meantime, place sugar, salt, onion, prepared mustard, vinegar and water in saucepan and bring to boiling point. Pour this heated mixture over the beans. Make sausage up into small cakes and place on the beans. Bake approximately 45 minutes in a moderate oven (350 degrees).

French Fried Asparagus Tips.

Cooked asparagus tips (short and thick variety)

- 1 egg
- 1 tablespoon water
- ¼ cup soft bread crumbs (very fine)
- ¼ teaspoon salt
- Fat for deep fat frying

Drain asparagus. Beat egg and add water to it. Dip the drained asparagus in beaten egg. Roll asparagus tips in bread crumbs—patting them on so as to cover asparagus tips thoroughly. Place carefully in a deep fat frying basket and fry in fat heated to 375 degrees. Fry until tips are golden brown; drain on unglazed paper. Serve very hot.

Musical Comedy "Irene" Now At D. C. Theatre

"Irene," one of the most popular musical comedies of all time, is now playing on the screen of the Daly City theatre in RKO Radio's film version with the lovely British star, Anna Neagle, in the title-role and Ray Milland co-starred as a New York playboy who falls in love with the peppery heroine.

Running for almost two years on Broadway, and having half a dozen road companies covering the nation at the time it made its appearance, "Irene" scored an unqualified hit with audiences the country over, and the picture promises to be an even greater success. The four tunes that were featured on the stage, "Alice Blue Gown," "Castle of Dreams," "Irene," and "There's Something in the Air," are stressed in the picture, and a brand new number by the same composers, "You've Got Me Out on a Limb," is also woven into the offering.

The plot deals with the adventures of a fiery little Irish girl, who, sponsored by a pair of wealthy young society men, quits her salesgirl job to become a model at Madame Lucy's, a fashionable gown shop in which the young men own stock. Her modelling of a gown of her mother's at an elaborate social affair attracts much attention and leads to her being established in a luxurious apartment as an Irish heiress, although her real job is to boost Madame Lucy's gowns.

With its elaborate settings, particularly the swank gown shop and Marshal's palatial Long Island home, the production is magnificently mounted, and a unique use of Technicolor in the "Alice Blue Gown" sequence is an especially noteworthy feature.

Companion feature is "Outside the 3-Mile Limit," starring Jack Holt and Harry Carey.

Weatherbeaten Woodwork

A method by which an old weather-beaten effect can be achieved on new knotty pine woodwork has been devised by paint authorities. Paint experts advise the sponging of the surface with a fairly strong solution of ammonia or soda. If a dark finish is desired, make a stain of raw umber thinned with turpentine and add enough varnish to bind it. Prepared varnish stains are available for this purpose if preferred. A thin coat of reduced shellac or dull varnish may then be applied, followed by a coating of wax.

Utility Power Plants

Public utility power plants now require close to 50,000,000 tons of coal annually for their operation, but that amount is only half of what would be needed by equipment of 20 years ago in producing the same amount of electricity.

Busy Day Salad.

(Serves 5)

- 1 cup cooked beets (diced)
- 1 cup cooked carrots (diced)
- ¼ cup green peas (cooked)
- 1 cup cauliflower flowerets (cooked or raw)
- 2 tablespoons sweet pickle (minced)
- 1 teaspoon onion (minced)
- ¼ teaspoon salt
- ¼ teaspoon pepper
- Mayonnaise dressing.

Drain the vegetables thoroughly and mix lightly. Add pickles, onion and seasoning. Serve from lettuce lined bowl with mayonnaise dressing.

Send for Copy of "Feeding Father."

For just 10 cents in coin you can add to your kitchen library, this very practical and clever book. You'll find in it recipes for quivery custard pie, for spare ribs with apple stuffing, for oyster stew, and recipes for all the other good "home-style" dishes that men like.

To get your copy of this cook book now, send 10 cents in coin to "Feeding Father," care of Eleanor Howe, 919 North Michigan Avenue, Chicago, Illinois.

"Irene" --- and That Famous Gown!

Here's a close-up of Anna Neagle wearing that much-sung-about "Alice Blue Gown" which gives title to the most popular of all the songs in "Irene," celebrated stage success which is now made into a Hollywood film musical with Miss Neagle starred in the title role—and with Ray Milland as co-star. The famous operetta is now playing at the Daly City theatre.

It's Picnic Time

ARE you tied to the kitchen, these pleasant summer weekends, when your husband makes for the golf course and the young stars dash off to the beach? You needn't be! It's picnic time, so just pack up your dinner and take it with you, to the yard, the seashore or the woods.

You can have an impromptu picnic of sandwiches, fruit, and something to drink—prepared from supplies on hand in pantry and refrigerator. Or with very few changes you can transform a Sunday dinner to a picnic meal.

If week-end plans call for an afternoon of swimming or golf, choose an oven dinner for your picnic menu. Just put the dinner in the oven of your modern electric range, set the automatic timer to turn the current on and off at the desired time, and forget about it until it's time to pack the lunch.

This Topsy-Turvy Ham Loaf is an excellent choice for a summer meal. Serve it hot or cold—with scalloped potatoes or potato salad, if you prefer it.

Topsy-Turvy Ham Loaf

- ½ pound lean pork (ground)
- ½ pound smoked ham (ground)
- ½ pound beef (ground)
- 2 cups bread crumbs
- 1 egg (well beaten)
- ¼ cup milk
- 1 teaspoon salt
- ¼ teaspoon pepper

Temporary Lay-Off

The sign on a Louisville church lawn didn't mean members of the flock were weary of well-doing, but it actually read: "No Christian Endeavor until November 15."

Something Wrong

Stanley Gronski, age 44, Springfield, Mass., was convicted of drunkenness after a policeman testified he was walking along East Main street at two a. m.—tearing up \$5 bills.

"Gone With the Wind"
Members of congress have been asked to help suppress the moving picture, "Gone With the Wind." The Malcolm Armistead Woman's Relief corps, of Southbridge, Mass., wrote to senators and representatives urging the film be banned as "an insult to the Grand Army of the Republic."

Canada's War Steps
Registration of women for war service, if the need arises, is in progress at 60 polls throughout the province of Manitoba, Canada.

Titanic's Memorial
On the banks of the Potomac river in Washington, D. C., stands the Titanic memorial, sculptured by Gertrude Vanderbilt Whitney, in tribute to the men who responded with their lives to the cry of "Women and children first" on board the sinking Titanic. It was donated in 1927 by the Women's Titanic Memorial association.

Bamboo Fishing Rods
Tonkin bamboo is ideally suitable for fishing rods because of its elasticity, light weight and strength.

Giant Electric Shovel
A giant electric shovel, which will be able to dig through earth as deep as a six-story building, wide as a four-lane highway and deposit it 230 feet away, is under construction at Marion, Ohio. It will be used in strip mining work in Indiana coal fields.

Typewriter Ribbons
Typewriter ribbons are usually made of the best quality nainsook, closely woven of fine, even thread spun from the best long-fiber Sea Island cotton.

Yacht As 'Oceanographer'
The S. S. Oceanographer is now charting the Nantucket shoals, called the "Graveyard of the Atlantic." The Oceanographer was formerly the private yacht of Morgan, the magnificent. The master suite aboard her, with its extra-sized beds and its mahogany paneling, is used by Commander Frank S. Borden, the Oceanographer's skipper.

Rural Illiteracy
One rural youth in 20 is illiterate as compared to one city youth in 100.

Doubles in Mirrors
The balcony of the Forum restaurant, which opened recently in Chicago, is designed as half a room, but diners feel that they are in a whole room twice as large. The room is "completed" by reflection from a huge plate glass mirror which covers one wall. The lighting fixture is a half-circle of plate glass, also "completed" by the mirror.

Strength of Tea
A pound of tea makes from 100 to 200 cups, depending on the strength desired.
